

Definition of Done

We consider a User Story or Defect to be complete when it has met the following criteria:

- Meets the Acceptance Criteria for the story
- Engineer has done their own testing and verified that everything is working as expected
- Smoke tests (ensure that it builds and runs) for Utopia project and any others as needed
- Tested by the team tester as applicable
- Pull-requested into a feature
- As part of the pull-request, the branch is reviewed by at least two other Engineers
- All tasks on the story are marked as completed
